

## **Bio**

*I am a passionate and self-motivated PHP/Laravel Developer from Biratnagar, Nepal. My journey into the world of web development began in 2022 when I started learning PHP from Laracasts and YouTube. Since then, I have been dedicated to expanding my knowledge and skills in computer science, exploring various topics and continuously enhancing my expertise.*

*During my time at PDMT Pvt Ltd, I had the opportunity to collaborate with a talented team and gain hands-on experience in building web applications using Laravel. As a result, I acquired valuable insights into working on a team and developed an understanding of school management systems and more*

*My work ethic and commitment to excellence drive me to create efficient and reliable solutions for web development projects. I enjoy challenging myself to solve complex problems and always seek to stay updated with the latest industry trends and technologies. I believe in continuous learning, and my journey as a PHP/Laravel Developer has been both rewarding and exciting. I look forward to contributing my skills and passion to make a positive impact on the web development world.*
